GOVERNMENT POLYTECHNIC BARAUNI

CERTIFICATE FOR APPROVAL

The forgoing thesis entitled **"Obstacle Avoiding Robotic Car"**, is hereby approved as a creditable study of a research topic and has been presented in a satisfactory
manner to warrant its acceptance as a prerequisite to the **Diploma in Computer Science & Engineering at Government Polytechnic Barauni**.

It is understood that by this approval, the undersigned do not necessarily endorse any conclusion drawn or opinion expressed therein but approve the project for the purpose for which it is submitted.

CERTIFICATE

This is to certify that Krishna Kumar, Shubham Kumar and Aaditya Kumar have successfully carried out the project work entitled “Obstacle Avoiding Robotic Car USING IoT” for the award of Diploma in Computer Science & Engineering at Government Polytechnic Barauni.

The project embodies the result of original work and study carried out by the students under the supervision of Prof. Amitesh Kr. Pandit, CSE Department. The contents of this report do not form the basis for the award of any other degree or diploma to the candidates or to anybody else from this or any other institution.

CANDIDATE DECLARATION

We, Krishna Kumar, Shubham Kumar and Aaditya Kumar hereby certify that the work which is being presented in this Diploma project report entitled “OBSTACLE AVOIDING ROBOTIC CAR USING IoT” in fulfillment of the requirement of the award of Diploma in Computer Science & Engineering, and submitted to the Department of Computer Science & Engineering, Government Polytechnic Barauni, is an authentic record of our work carried out under the guidance of Prof. Amitesh Kr. Pandit.

The matter presented in this report has not been submitted by us for the award of any other degree elsewhere.

Aaditya Kumar 511111823027 _____

ACKNOWLEDGEMENT

During our project work from July 2025 to November 2025, we gained valuable knowledge and practical experience in electronics, IoT, and automation technology. We are grateful to our respected guide Prof. Amitesh Kr. Pandit (HOD & Professor, CSE Department) for his constant guidance, valuable suggestions, and encouragement throughout the duration of this project and for providing us with necessary facilities and motivation.

Finally, we express gratitude to all faculty members, laboratory staff, classmates, and our families for their continuous support, patience, and moral encouragement during the completion of this project.
